About the Transport Decarbonisation Alliance:

Launched in 2018, the TDA was one of 12 commitments made at the [One Planet Summit](#) hosted by President Emmanuel Macron in Paris, France in December 2017. The TDA's core contribution to this needed transformation is to foster cooperation among countries, cities, regions and companies toward carbon-free transport and accelerate the worldwide transformation of the transport sector towards a net-zero emission mobility system before 2050.

Current members of the TDA include [Alstom](#), [Brisa](#), [British Columbia](#), [California](#) (which [assumed](#) the presidency of the TDA last year at COP 26 in Glasgow), [Cape Verde](#), [CEiiA](#), [Costa Rica](#), [EDP](#), [France](#), [Gaia](#), [Itaipu](#), [Lisbon](#), [Lille Metropole](#), [Luxembourg](#), [Maputo](#), [Matosinhos](#), [Michelin](#), [Mobycon](#), [Porto](#), [Portugal](#), [Quelimane](#), [Rotterdam](#), [Scotland](#), [The Netherlands](#), [TEVVA](#) and [Uruguay](#).
